

### Main parts and components list (mechanical)

No	Name	Standard feature	Optional feature
1	Gear	SJEC	Flender or SEW
2	Motor	SJEC	
3	Step(with step roller)	Die-cast aluminum, gray color (Xindeli, Suzhou)	1. Aluminum alloy Die-cast, gray color, yellow synthetic resin 2. Aluminum alloy Die-cast, gray color, yellow painting line
4	Chain roller	Tongda, Suzhou	
5	Step chain	Universal Chain ,Suzhou or Tianlong Chain ,Suzhou	
6	Handrail	Local, made in shanghai	SKG, SEMPERIT, EHC NT3000 or Hypalon Handrail, choose one for outdoor installation
7	Drive chain	Universal Chain ,Suzhou	
8	Landing plate	Etched stainless steel	Extrude aluminum with surface of stainless steel or Extrude aluminum
9	Handrail frame	Hairline stainless steel(430#)	Hairline stainless steel (304#,must required for outdoor installation)
10	Inner & outer decking	Hairline stainless steel (430#)	Hairline stainless steel (304#,must required for outdoor installation)
11	Outside cladding	Painted steel plate	Hairline stainless steel
12	Skirting	Hairline stainless steel (430#)	Hairline stainless steel (304#,must required for outdoor installation)
13	Stainless steel material	430#	304#(must required for outdoor installation)

### Main parts and components list (electrical)

No	Name	Standard feature	Optional feature
1	Controller	SJEC MCU	Schneider PLC
2	PESSRAE function	SJEC safety board	OMRON safety controller
3	Inverter (for VVVF)	Inovance	
4	Circuit breaker	CHNT	
5	Contactor	SIEMENS	FUJI Electric
6	Pin & plug (Female/Male)	AMP	
7	Protection rate of motor	IP55	
8	Protection rate of inverter	IP21	IP54
9	Protection rate of controller	IP23	IP54
